

10 Day Guided Walking Holiday
Vorarlberg, western Austria
Centre-based: 4 star hotel
Small Group Size
Local Host: Patrick Burtscher

“Experience the Authentic Austrian Alps”

“Come and be my guest for a trip like no other - to and around my spectacular homeland of Grosses Walsertal in the western Alps of Austria.

Together over ten days we will explore, discover and enjoy a pristine and authentic area - off the tourist track. Not only will we take in the region’s spectacular alpine landscapes, flower-filled meadows, quaint huts, traditional culture and breathtaking scenery, but we will also experience its unique balance of man living in harmony with nature (as recognised by UNESCO’s classification as a model ‘Biosphere Reserve’). Day excursions over the nearby borders into Germany and the Principality of Liechtenstein will also add an international flair to your experience.

In between the guided walks you can participate or indulge in other local activities and pastimes: from real life working alpine dairies to the 400 year old home which now contains the beautifully presented local museum; from a high ropes adventure garden to the mountain herbal tea project; from a German language lesson with coffee and cake to a pampering massage. Or you may simply wish to just kick back on the hotel’s sun-filled terrace to take in the awe-inspiring panoramas...

I, along with my family and the Walsertal community, look forward to welcoming and sharing our alpine paradise with you in 2018.”
